PRODUCT LINE: ALTA AND REVELATION

ALTA/REVELATION OLD STOOL FRAME DESIGN

Effective 8/2/17, the ALTA/Versa and REVELATION/Rapture cafe stool foot rings will change from a single tube welded to the inside of the frame to a thinner steel wire welded to the outside of the frame. This change will make it easier for our paint line to apply the powder coat creating a smooth finish.

(Previous Design)

(New Design)
