Effective: 12/11/18

SNAP SEATING

Component Product Title:

Snap one-piece arm mounting bracket. Current bracket used on all snap models.

Part ID: BRKBR85	7-SCRM6x24
BRACKET	SCREWS FOR BRACKET
(2) per chair	(6X24MM) (8) per chair

Description of Change: Changing from a one-piece bracket to individual left and right brackets. The mounting location of old bracket used front 4 screws and holes in seat plates. New left and right brackets now have their own t-nut holes on the outside edges of seat boards.

(SEE ATTACHED)

Reason: Supplier of one-piece bracket has discontinued the part. New individual L/R mounting brackets with 8 screws will take the place of the one-piece bracket. The seat board now includes t-nuts in the outside 8 arm attachment holes.

Action Required:

- Customer ordering Snap kits receive new arm brackets and screws in the arm kits.
- Customers who have inventories of parts use up old parts as a running change.
