

# OEI<sup>®</sup> Memo

**To:** OEI Production, OEI State Sales, OEI Customer Service, Corcan, CA, CO, GA, IL, IA, MD, NE, NJ, OH, PA, TX, VA, WA, WI

**From:** Blaine Ullmann  
OEI Manufacturing Engineer

**Date:** 3-4-16

**RE:** Series XXI Pedestal Lock Bars & Lock Pins

The Series XXI Pedestal Lock Bars and the Lock Pins are being changed to a new style Lock Bar and Pins that are more rigid and function easier in the pedestals.

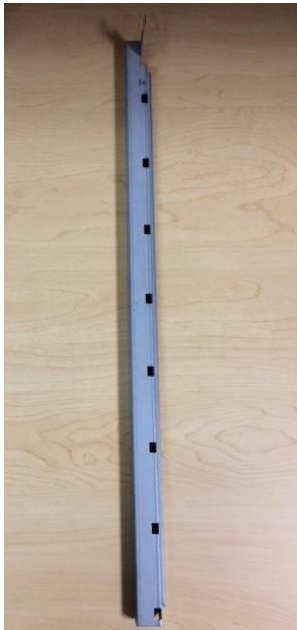

The part numbers for the Lock Bars are as follows:

**Old Style Lock Bars:**

- 2.KP40296.6 – 6 hole lock bar
- 2.KP40296.7 – 7 hole lock bar
- 2.KP40296.8 – 8 hole lock bar

**New Style Lock Bars:**

- 2.KP40279.6 – 6 hole lock bar
- 2.KP40279.7 – 7 hole lock bar
- 2.KP40279.8 – 8 hole lock bar

**Old Style Lock Pins:**  
2.KP20280 – Lock Pin

**New Style Lock Pins:**  
2.KP20278 – Lock Pin

The **8-hole Lock Bar** is used in the **File/File (FF)**, **Box/Box/File (BBF)**, **Box/Box/Box/Box (BBBB)** configurations and is **already** replaced with the new lock bar and pins on orders for these configurations.

The **7-hole Lock Bar** is used in the **Pencil/Box/File (PBF)**, **Pencil/Box/Box/Box (PBBB)** configurations and will be replaced with the new lock bar and pins in **mid March**.

The **6-hole lock Bar** is used in the **Box/File (BF)**, **Box/Box/Box (BBB)** configurations and will be replaced with the new lock bar and pins the **end of March**.

The new Lock Pins snap onto the new Lock Bars according to the same configuration chart in the assembly instructions.

**NOTE: Current Pedestals that already have the Old Style Lock Bar and Pins in them CANNOT BE RETROFITTED with the New Style Lock Bar and Pins without changing out the suspensions also or it will not function.**
