

# PRODUCT BULLETIN

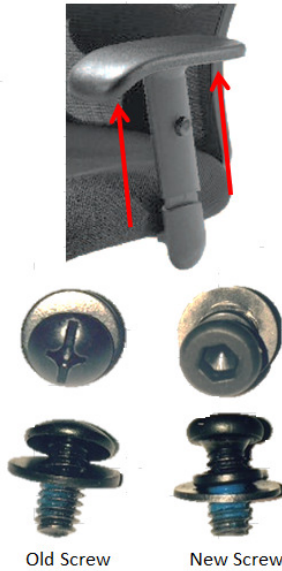

Original Equipment Industries

**TO: OEI SEATING CUSTOMERS**

**DATE: 6/22/15**

**PRODUCT LINE:** Breathe JR Arm Pad Screw

**DESCRIPTION:** Arm pad screw is changing from Phillips head screw/loc-tite patch/flat washer to (New) **Allen head screw/loc-tite patch/lock washer/flat washer.**

**REASON:** Allen head screw provides a more secure fit on bit to screw, easier assembly and allen head bit allows screw to reach proper tightness/torque. Lock washer in addition to loc-tite patch is to assure long term tightness of screw into pad.

- Arm pad screw will be a running change.

**Customer Notification:** CA, AL, AR, CA, DE, ID, OR, GA, IA, KS, KY, LA, NE, MD, MN, MO, NC, NM, OH, OK, PA, FL, RI, SC, TX, UT, WI

If you have any questions or concerns please notify your OEI representatives.

Thank You
