RE: Activ8 Module Cord

Effective with orders shipped after 4/4/17, the cord length on Activ8 Villa and Activ8 PowerUp modules are now 14" long, as compared to the original 7" length. This helps to aid in the installation in powered beams.

The photo below shows the new cord length (Sand) compared to the old (Black).

Please contact me with any questions or concerns.

Thank you,
Weston Schilawski
