

PRODUCT LINE ELIMINATION NOTICE

P.O. Box 8400
Green Bay, WI 54308-8400
(920) 468-2243

Implemented By: OEI/KI

Notification By: Jim Noll/Jeff Oettinger

Date: 11/1/2008

Component Product Title: OEI Colossal & Colossal Plus 24/7 seating

Effective: 1/1/2009

Description of Change: Effective Jan 1, 2009 the OEI Colossal & Colossal Plus 24/7 seating line will no longer be offered as a Finished Goods or KD (Knock-down) product line.

Action Required: Discard any literature or samples you may have of the Colossal or Colossal Plus 24/7 seating line.

For customers who order by components please check your inventory to ensure you have the parts to assemble complete chairs.

What will replace the Colossal & Colossal Plus?

Because the 24/7 chairs are a specialty, but also a low volume sales offering, OEI is aggressively developing a replacement 24/7 offering. Our goal is to provide a quality, cost effective 24/7 chair that is aesthetically pleasing and will hold up under the rigors of its intended use.

The new 24/7 chair will be introduced shortly after the start of the new year to replace the Colossal & Colossal Plus. This new chair will partner with our current 24/7 Pride/Engage stool and task chair offering to provide a complete line offering. Several arm options including a new breakaway arm option will also be offered.

OEI Seating Engineer Jeff Oettinger is sending a separate notice to the seating factories he works with to make them aware of this upcoming change.

If you use the KI/OEI Encompass CAD program a future update will have the OEI Colossal & Colossal Plus offering grayed out so it cannot be spaceplanned.
