

PRODUCT LINE ELIMINATION NOTICE

P.O. Box 8400
Green Bay, WI 54308-8400
(920) 468-2243

DRAFT

Implemented By: OEI/KI

Notification By: Jim Noll

Date: 11/1/2008

Component Product Title: OEI FlexStation / KI WorkZone Adjustable Desking System – All Finished Goods & KD Levels

Effective: 12/1/2008

Description of Change: Effective Dec 1, 2008 the OEI FlexStation Adjustable Desking line will no longer be offered as a Finished Goods or KD (Knock-down) product line. No orders will be accepted for any levels of this desk product.

Reason for Change: Due to very low sales volumes we are not able to maintain this product offering without raising prices to an unreasonable level.

Action Required: Discard or “X-out” any literature you may have that shows the FlexStation Adjustable desking line.

If you use the KI/OEI Encompass CAD program a future update will have the OEI FlexStation Adjustable offering grayed out so it cannot be spaceplanned.

An alternative to the OEI FlexStation Adjustable desk line that has more features and benefits is the OEI T4 offering. See the attached color brochure for information on T4 or contact your Sales or Customer Service representative.

Also included with this notice is a drawing showing a comparison between the FlexStation Adjustable desking and the T4 Adjustable desking.

Customer Notification: UNICOR DC, Englewood, all State customers

Encl: T4 color brochure
