Alta™ XL Chair

OE-60890/309

OEI is introducing the Alta XL chair. Alta XL is an addition to our Alta seating line. Alta XL is an oversized side chair warranted for 10 years for individuals weighing 400# or less.

Key Benefits

1. Comfortable seating for all individuals-
 - Since people differ in size, seating should also.

2. Alta XL is part of the Alta family-
 - This allows designers to work from one seating collection for a given facility.

3. Durability-
 - Alta XL is warranted up to 400# and less.
 - Alta XL construction is intended to provide many years of service life.
 - Alta XL is built with 1" diameter tubing, using specialized, high strength steel. Both seat and back boards are composed of 1/2" thick wood. There are two steel gussets providing structural rigidity for the frame.

4. Definition-
 - Four leg only
 - Arm or armless
 - Ganging with arms
 - Powder-coat paint
 - Upholster in vinyl or fabric
 - Glides are plastic or steel
 - Fabric usage (2 yards)
 - Stacking on floor (4 chairs) NO DOLLY
