

# BREATHE<sup>®</sup> Seating

B r e a t h e T a s k C h a i r

Today's fast-paced office is the perfect place for the contemporary style and unmatched comfort of Breathe Seating. The sleek styling of this high-back task chair makes it the perfect addition in any organization.

The Breathe Seating line offers a beautifully sculpted polypropylene back structure wrapped with a double layer of nylon mesh fabric that offers the ultimate in support and breathability. The soft, yet

durable double layer mesh fabric placed over the foam cushion improves ventilation and helps reduce fatigue.

Breathe features a synchronized knee-tilt mechanism with a 2:1 ratio (back-to-seat). The tilt-lock lever can be positioned to 5 different lock positions or remain unlocked for free-float function. Breathe also features an easily accessible back tension knob along with a pneumatic lift lever to adjust the chair to the proper height.

Sleek, stylish ergonomically designed back. Mesh back breathability provides comfort, support and style that fits any user or environment.

Breathe's optional headrest can be positioned and adjusted to offer all users optimum comfort.

A synchronized knee-tilt mechanism, back tension knob and seat height adjustment all come standard on Breathe Task Seating.

Heavy-duty, 5-star die cast aluminum base offers built-in molded slip/scuff protectors and durable dual wheel carpet casters.

## Breathe Guest Chair

Comfort is further enhanced in both the task and guest chairs by the soft, padded arms and adjustable lumbar support. The breathable mesh back, along with a soft cushioned mesh fabric seat ensure an ergonomically sound position throughout the day.

Employees in the modern office spend a lot of time at their desks, making comfort and productivity key concerns. Now you have a seating option that

offers all the style and grace of fine office seating. All with the refreshing benefits that are only available with Breathe Seating.

Independently adjustable arms have a vertical height adjustment range of 2.5". Easy reach adjustment button, durable structure and soft contoured arm pads add comfort and ease.

The lumbar pad is built into the chair frame back structure for added durability. Lumbar pad can be adjusted easily from seated position.

Built-in lumbar adjustment is standard on Breathe's guest chairs as well.

Breathe Guest Chairs come equipped with glides to help protect the floor and chair frame from marring.
