

Oversized, Intensive-Use Seating Options

Features and Benefits

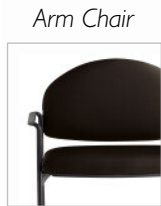

“WHAT ARE THE BENEFITS OF OVERSIZED SEATING?”

Big and tall users will appreciate the expansive seat design. Waist held equipment is no longer cumbersome when you take a seat. 24 hours a day, 7 days a week, our oversized seating options are working for you.

Intensive-Use Seating Options

Features and Benefits

“WHAT IS AN INTENSIVE-USE CHAIR?”

Intensive-Use means chairs come equipped with a heavy-duty component that will stand the test of time. Our heavy-duty line up has the chair size, operational features and design that will fulfill anyone’s needs. If you want your chairs to function for you, we have the chairs you are looking for.

APPROVED AS A 24/7 CHAIR

Sterling 2’s 788 heavy-duty mechanism has effectively proven over time to hold up in intensive-use situations.

HOWEVER, STERLING 2 HAS NOT BEEN TESTED FOR 24/7 USE.
